Matrix offers Ozone Treatment service specifically for Hotels - Hospitals - Residential - Offices - Restaurants - Public Transport with our powerful Ozone generators. These incorporate the most sophisticated and safe technologies available (both Ultra Violet (UV) and Corona Discharge (CD) process) with field proven success. As one of the world's most powerful oxidants with ability to eradicate an extensive list of viruses, bacteria, and strong odours, ozone has proven itself to be the most beneficial green technology available. Use of the latest Ozone generators to produce a superior disinfectant for use in many industries is becoming more popular every day.

Our Ozone treatment is ideal for use in Rooms, Public Areas, Restaurants, Kitchen, Stores etc. to Sanitize the areas and remove unpleasant and strong Odour & Bacteria to maintain a constant level of freshness.

Why use our Ozone Treatment:

Sanitize & Remove unpleasant Odours from smoke, trauma, food and carpet drying smell

Mould & Fire remediation

Treat Toilet areas and hard to reach nooks and crannies to reduce Odours & eliminate Bacteria

Treat kitchen areas to Sanitize floors, open work surfaces and to control Bacteria

Remove unpleasant lingering odours in bars and lounge areas

Eliminate odours from the refuse areas

Our Treatment will remove most odours in 20-60 minutes depending on type and strength of the odour problem.

We offer Monthly & Yearly Treatment Contracts.

Our Service is handled by specially trained staff and we use safe level of Ozone which is not injuries to Health or any Products.

With **Ozone Treatment**, No chemicals are required.... So huge Savings & satisfaction of knowing you're using the most beneficial green technology available.

Our customers are satisfied because our high intensity treatment removes Odours including heavy smoke, Keep each area fresh and bacteria free to improve your guest satisfaction ratings & reviews.
